

# KURZWEIL EDUCATION

**Literacy  
Accessible**

**ASSISTIVE TECHNOLOGY WITH TRULY COMPREHENSIVE ONLINE SUPPORT THAT PUTS ACCOMMODATIONS IN THE HANDS OF STUDENTS ANYWHERE, ANYTIME, ON ANY DEVICE.**

## Work within your Learning Management System

Kurweil works where students work. Enjoy our Read the Web toolbar that opens directly in your Learning Management Systems.

## Single Sign-On Capability

Students can login with multiple single sign-on options including Google, Microsoft, Classlink, SAML, and JWT.

## Access in Lockdown Browsers

Allow students with testing requirements to access them in lockdown browsers such as Respondus.

## How Does Kurzweil Work?

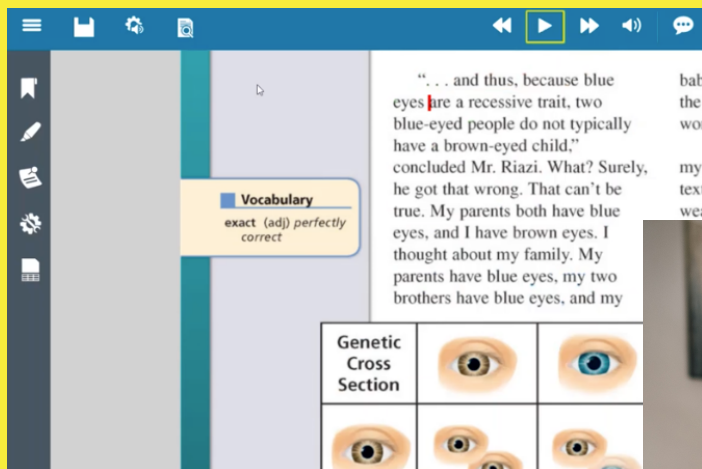

Import content or surf the web with 31 natural text-to-speech voices and dialects at customizable reading rates, talking dictionary and thesaurus, highlighters, screenshot reader for inaccessible text, and an easy to use PDF Reader.

## What Environment is Right for You?

- ✓ [Read the Web toolbar](#) for working in websites or in LMS and online testing environments.
- ✓ [Kurzweil3000.com](#) lets users import any document and access accommodations from any web-connected device.
- ✓ [Standalone desktop program](#) can be installed on a PC or Mac for online and offline work.

**Interact with many types of documents**

**KURZWEIL  
EDUCATION**

# K-12 & HIGHER ED

**Text to Speech**

**Speech to Text**

Thousands of educators across the U.S. and worldwide are using Kurzweil Education. It is a **cost effective** solution for providing literacy support accessible to students **wherever** they may be studying. We believe every student can become a steward of their own education when given the right **resources** and **support**. Students of all levels can learn from the same materials.

**Highlighters**

**Note Taking**

**Support** students by using the principles of **Universal Design for Learning** (UDL). Kurzweil helps learners to engage actively in taking control of their learning experience however it works best for them. This innovative learning tool allows students and educators to work directly in every day **documents**, **websites**, **online testing environments**, and the **Learning Management System** they use.

**Translation**

**Dictionaries**

**Provide** students with the independence they need. Login at [Kurzweil3000.com](http://Kurzweil3000.com) or the desktop app and simply import any document: **PDF**, **DOC** file, **ePub**, **JPEG**, **RTF**, **DOCX**, or even content from **Bookshare**. Once the document is in the program, students are empowered with text-to-speech, speech-to-text, 100+ language translation, highlighters, circle and strikethrough tools, study skills tools, notepad, color overlays, talking dictionaries, picture dictionary, writing templates with word prediction and spell checker, and more.

*See a  
sneak  
preview!*

**Adapt** on the fly. Don't have access to downloadable files? Try our **Read the Web extension** for Chrome, Microsoft Edge, or Mozilla Firefox and enjoy accommodations on the go in websites, lockdown browsers such as **Respondus**, online testing environments like **Accuplacer**, content in your LMS, or environments such as Google Suite and Microsoft 365.
